Summary

Motivated Computer Science graduate with hands-on experience in Full Stack Web Development using HTML, CSS, JavaScript, React.js, Node.js, Express.js and MongoDB. Passionate about building responsive web applications, integrating REST APIs and solving real-world software problems.

Education

Madhav Institute of Technology & Science — Gwalior
Bachelor of Technology, Computer Science & Design | CGPA: 7.0/10 — *2022 { 2026*

Ramkrishna Vidhya Mandir Shardha Balgram — Gwalior
Class XII (MP Board) | 69% — *2022*

Ramkrishna Vidhya Mandir Shardha Balgram — Gwalior
Class X (MP Board) | 85% — *2020*

Projects

Weather Forecast App Live Demo j *HTML5, CSS3, JavaScript, OpenWeatherMap API*

- { Developed a responsive weather forecasting application using HTML, CSS and JavaScript.
- { Integrated the OpenWeatherMap API using Fetch API and async/await to display real-time weather information.
- { Designed a modern responsive user interface compatible with desktop and mobile devices.
- { Deployed the application on GitHub Pages with proper error handling for invalid city searches.

Smart Agriculture System Live Demo j *React.js, HTML5, CSS3, JavaScript, ThingSpeak API*

- { Developed a responsive Smart Agriculture web application for real-time monitoring of agricultural parameters.
- { Integrated the ThingSpeak API to fetch and display live sensor data including temperature, humidity and soil moisture.
- { Built an interactive dashboard using reusable React components with a responsive user interface for desktop and mobile devices.
- { Optimized API integration and application performance for smooth real-time data visualization and enhanced user experience.

Technical Skills

Languages: Java, JavaScript, C++

Frontend: HTML5, CSS3, React.js, TypeScript, Bootstrap

Backend: Node.js, Express.js, REST APIs

Database: MongoDB, MySQL

Developer Tools: Git, GitHub, VS Code, Postman, Vercel

Core Subjects: Data Structures & Algorithms, Object-Oriented Programming, DBMS, Operating System

- Developed responsive web applications using HTML, CSS, JavaScript and React.js.
- Built REST APIs using Node.js and Express.js.
- Worked with MongoDB and MySQL databases.
- Collaborated with the development team using Git and GitHub for version control and project management.
- Optimized application performance and resolved bugs to improve user experience.

Certifications

- Cloud Computing { SWAYAM (NPTEL)
- Introduction to Soft Computing { SWAYAM (NPTEL)
- Natural Hazards { SWAYAM (NPTEL)
